Our Story

THE HOUSE OF LONDON INTRODUCES THE STATION

The Train departed from London In 2016 and headed for Cape Town. “The next platform - Bree Street”. The Station on Bree was founded and quickly became one of the most famous cultural meeting spots in Cape Town. The Restaurant is Uniquely based on The London Underground. It offers an experience like no other.

Once aboard our train you are immediately transported into London’s tube, the theme runs strongly throughout the restaurant whether it be in our distinctive decor such as, the telephone booths, tube signage, the sounds of trains passing, the underground announcements in our bathrooms or it could be through our unique menu that offers a trip and tastes from around the world. With the success of The Station on Bree it was not long until the conductor announced “Next Stop Johannesburg – Platform Parkhurst”.

Our menu has been inspired by the melting pot of cultures and individuals that board the London Underground. It offers a variety of Cuisines from around the world making it a Sensational Food Journey with a little bit of something for everyone.

While aboard the train be sure to ask one of the train conductors about our extensive gin menu – we are home to over 60 Gins or try one of our uniquely crafted cocktails.

Once aboard our train we can assure you, you wont want to get off at the next stop! A little bit of London in the heart of Cape Town.
